Site Inspection	12/6/09	2:00AM	<p>Notice was given to Pierce County. 12/8/09. The notice stated in part:</p> <p>On December 6, Taylor Shellfish had a crew patrolling the beaches south and north of our Stratford-Meyer geoduck farm (SD55-05 and SD53-05) as required by Condition 8 of our shoreline permit. That conditions reads, "Area beaches within ½ mile on either side of the project site shall be patrolled by the applicant every other week to retrieve debris that escapes from the farm."</p> <p>Strong winds and rough waters dislodged some tubes that the crew was retrieving north of the farm. The homeowner approached and threatened the crew with a gun and told them to leave. Our crew left. It is not possible for us to retrieve debris that may have landed on that homeowner's property, nor will we attempt to access that property again.</p>
